 @HannesLagler

- Why CSPM
- Why the secure score?
- What kind of plans are available
- Live Demo

# Why CSPM

 <https://bit.ly/3gRQRqY>

 @HannesLagler

**Microsoft do not secure your environment from misconfiguration! You are responsible for that task!**

- CSPM gives you a Hardening guidance
- CSPM gives you a visibility of your security
- It generates a secure score of your environments
- Everything in a single plane of glass

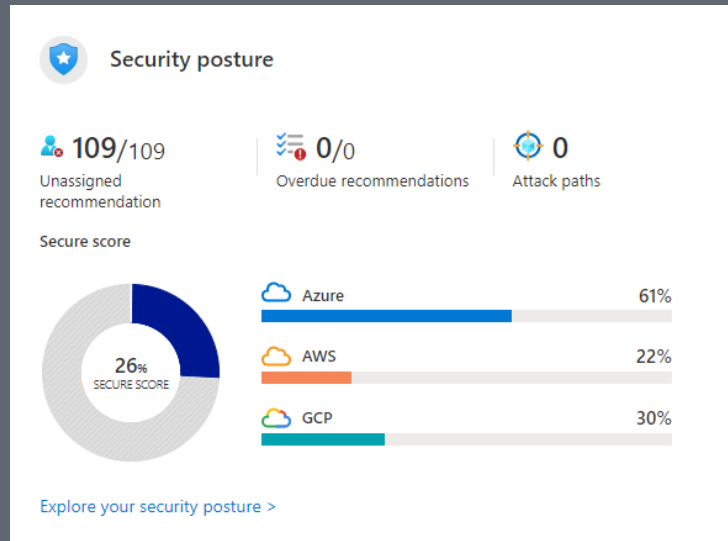

# Why the secure score?

 <https://bit.ly/3gRQRqY>

 @HannesLagler

- To understand your security posture
- To understand and review your compliance
- Add additional international standards such as NIST, CIS, ...
- Did you know, where is also a mobile app available!

# What kind of plans are available
